Professional Summary

Full Stack Engineer with 2+ years of experience building web applications across React.js, Node.js, Express.js, PostgreSQL, ASP.NET Web API, and SQL Server in a startup environment. Experienced in React UI development, API integration, and frontend-backend data flow. Based in Mumbai.

Technical Skills

Frontend: React.js, JavaScript (ES6), TypeScript, Tailwind CSS, React Router, Material UI, HTML5, CSS3
Backend: Node.js, Express.js, ASP.NET Web API
Database: MS SQL Server, PostgreSQL
Tools: Git, GitHub, Postman, VS Code, Visual Studio

Experience

BitByBit Solutions Andheri East, Mumbai
Software Engineer *Jan 2025 – May 2026*

- Worked on a **Healthcare Web Application** with Clinic, Doctor, Lab, and Pharmacy modules using React.js and TypeScript. Developed UI screens from scratch and built reusable React components.
- Integrated REST APIs and handled frontend-backend data flow. Contributed to backend API creation and modifications using Node.js, Express.js and PostgreSQL for required functionality.
- Worked on Hamara Kendra **Partner Profile** Module, implementing React.js UI and API-integrated workflows.
- Created and modified SQL tables and inserted question configurations for dynamic Partner Profile forms, with questions, types, and validations loaded from the database into the UI.
- Implemented features, resolved UI bugs, and supported ongoing application development and maintenance.

Associate Software Engineer *May 2024 – Dec 2024*

- Worked on a PAN-India government-scale project, Hamara Kendra, for client IPS e-Services.
- Built React.js UI modules from scratch and integrated existing ASP.NET Web APIs.
- Worked on **EMS (Enquiry Management System)** functionality and related React.js UI features.
- Created and modified APIs when required and integrated API workflows with SQL Server stored procedures.
- Worked on frontend-backend data flow, debugging, and application workflow integration.

Software Trainee *Jan 2024 – Apr 2024*

- Assisted in React UI development including forms, popups, and basic components.
- Developed the company's corporate website using React, including reusable components, routing, and responsive layouts.
- Gained hands-on exposure to API integration, debugging, and real-world project workflows.

Technical Intern *Oct 2023 – Dec 2023*

- Trained in programming fundamentals, OOP concepts, and basic SQL.
- Supported senior developers with minor UI and data-related tasks.

Projects

Hamara Kendra - PAN-India government-scale project | *React.js, ASP.NET Web API, SQL Server*

- Developed React modules and integrated APIs with SQL Server stored procedures.

Healthcare Web Application | *React.js, TypeScript, REST APIs, Node.js, Express.js, PostgreSQL*

- Developed Clinic, Doctor, Lab, and Pharmacy modules with UI screens, reusable components, and API-integrated workflows.

Corporate Website - BitByBit Solutions | *React.js, JavaScript (ES6), Tailwind CSS, React Router, EmailJS*

- Independently designed and developed the company's corporate website using React.
- Built reusable components, routing, and responsive layouts for branding pages.
- Integrated EmailJS for contact form email functionality.
- Deployed and maintained the live website: bitbybitsolutions.co.in

Education

University of Mumbai
B.Sc. IT, 8.53 CGPA *Jun 2019 – Dec 2022*

Itvedant Education Pvt. Ltd.
PG in Java Development, Course Certificate *2022 – 2023*
